C U L A R P A T H O L O G Y

May 2006 Vol 59 No 5

l carcinoma of the head and neck *B Perez-Ordóñez, M Beauchemin, R C K Jordan*
in phyllodes tumour of the breast *R K Jacklin, P F Ridgway, P Ziprin, V Healy,*

st *P G Isaacson*

in-catenin complex in epithelial ovarian cancer *K A Voutilainen, M A Anttila, S M*
oski, M T Juhola, V-M Kosma
and hypothetical proteins elicit variable humoral responses in SARS patients
Wu, T Cheung, P K S Chan, M H L Ng, P K Hui, H K Ng, D M Y Au, A W I Lo
reporting of blood films: results from the National Pathology Benchmarking Study

athology external quality assurance scheme: evolution, design, and analysis of 11

y to the diagnosis of fatal cerebral gas embolism from compressed air diving
mmers, K Rich
rcinoma: correlation with angiogenesis process and clinicopathological variables
enzi, D Borzomati, F Vecchio, R Coppola, A Antinori, P Magistrelli, G Tonini, C Rabitti
y of the hypoglossal nucleus in sudden infant death *G Ottaviani, L Matturri,*

omochromatosis: a combined phenotype/genotype approach *M Bhavnani, D Lloyd,*

sion grading and depth of neoplastic infiltration within the perirectal fat after
otherapy and surgery for rectal cancer *E Benzoni, D Intersimone, G Terrosu,*
rellini

16 detectable in women with normal and low grade cervical cytology and
nen, U B Gyllensten, I P Shabalova, N Petrovichev, P Tosi, K J Syrjänen, B C Johansson
istochemistry in the evaluation of axillary sentinel lymph nodes in patients with
S Bianchi, V Vezzosi, H Peterse, A Sapino, R Arisio, A Reiner-Concin, P Regitnig,
ela, A Córdoba Iturriaga

ucocytes can predict bacteraemia in critical care patients *L Bogar, Z Molnar,*

in situ polymerase chain reaction could reveal occult infection in hepatocellular
markers *M Comar, G Dal Molin, P D'Agaro, S L Crocè, C Tiribelli, C Campello*
chemes: pathologists' experiences and perceptions *D M Parham*
r entry reduces laboratory turnaround times and influences tests ordered by
ore and after study *J I Westbrook, A Georgiou, A Dimos, T Germanos*
easurement in plasma in the clinical management of nasopharyngeal carcinoma in
wes Dekker, J H J M van Krieken, R J Baatenburg de Jong, A C M Kroes

an adult: a case report *J C Hernández, C Alfonso, L González, M Samada, L Ramos,*
Gómez, R Castellanos, O López, J C Ugarte, J Jordán
atic to the breast *V Gasilionis, C Ersahin, S Gabram, D Bova, J Branch, P Rajan*

s inflammation: eosinophilic abscess in Langerhans cell histiocytosis *H W Tan,*
H Tan

V-I seropositive Brazilian population *T R Zaccariotto, E T Rosim, D Melo,*
i, M de Fatima Sonati
